1. 2023 MY EPA-estimated range up to 306 miles for combined city/highway driving for VENTURE+. 2023 MY EPA-estimated range up to 248 miles for combined city/highway driving for ENGAGE. Actual mileage will vary with trim levels, options, and driving conditions. See Customer Disclosure Form for details. Use for comparison only.

2. Nissan Safety Shield technologies can't prevent all collisions or warn in all situations. See Owner's Manual for important safety information.

3. ProPILOT Assist can't prevent collisions. Driver at all times responsible to maintain safety by monitoring traffic, controlling vehicle, and if needed, steer, brake or accelerate. System works only when lane markings detected and does not function in all weather, traffic and road conditions. See Owner's Manual for safety information.

4. ENGAUGE e-4ORCE AWD and EVOLVE e-4ORCE AWD

- Preliminary Nissan-estimated combined city/highway driving range up to 275 miles for ENGAUGE e-4ORCE AWD and EVOLVE e-4ORCE AWD. Based on Nissan internal simulation results, subject to EPA confirmation. Actual mileage will vary with trim levels, options, and driving conditions. Use for comparison only.

5. Intelligent Around View Monitor cannot eliminate blind spots and may not detect every object. Driver should always turn and check surroundings before driving. See Owner's Manual for safety information.

6. ProPILOT Assist 2.0 can't prevent collisions. Driver at all times responsible to maintain safety by monitoring traffic, controlling vehicle, and if needed, steer, brake or accelerate. System works only when lane markings detected and does not function in all weather, traffic and road conditions. See Owner's Manual for safety information.
